

**DUNLOP TYRES**  
 Are fitted to all Raleigh bicycles, most models also having the Dunlop 'Air-seal' inner tube.

**BROOKS' SADDLES**  
 Spring Seat or Best Butt Leather saddles, with chromium plated under-carriage, provide maximum comfort and reliability.

**RENOLD 'ELITE' CHAIN**  
 The fitting of this well-known chain ensures swiftest possible transmission.

A product of  
 Raleigh Industries Ltd  
 Nottingham

**RALEIGH TURBULAR FORK CROWN**  
 Raleigh bicycles have always been easily recognizable, quite apart from their outstanding features, by their highly-crowned and decorative tubular fork-ends.

**PLATES**  
 These enable full adjustment to be taken of the powerful front brake, at the same time ensuring smooth and normalizing treatment to remove stresses set up into an immensely strong bottom bracket without a join of any description.

**ANTI-VIBRATION**  
 A circular flat disc of finest quality steel is essentially manipulated by powerful presses, involving over 50 operations with frequent normalizing treatment to ensure smooth and

Illustrated in this folder are bicycles which are the climax of over 70 years' constant endeavour to build machines in accordance with the high standard of excellence we ourselves have set. As it is acknowledged that no better bicycles are built, we feel justly proud of these machines. When you have studied the specifications of this wonderful range of bicycles, go to your Raleigh Dealer — there is one in every City and Town throughout the country. He will be pleased to show you these Raleigh models. You will see at a glance the impeccable design, quality and finish which are specialized features of Raleigh the All-Steel Bicycle.

Our dealers pride themselves on a first-class after-sales service. Our Gradual Payment Scheme enables you to enjoy Raleigh cycling for a small deposit and low weekly instalments.
